

Parent Child Program

For children infant-1.5 years old

Class is offered on Tuesdays: Beginning in January

9:15- 10:30 AM

At Banner, we create a welcoming environment for the young child and their caregiver. Parents mingle about common interests and children play independently with their parent or caregiver nearby. Crafts are offered along with story time, circle time or preparation of snacks.

We bring our philosophy of early childhood education to this class at the most introductory level by simply observing the young child in their work or play. This is how we become informed on what is that they need from us, because it is through their actions, that they tell us everything we need to know. In holding these observations near and dear, we as parents, caregivers, and educators are able to meet the child right where they need us to be.

Space is limited. Must have 10 children to run the class.

Please email bannerdirectors@gmail.com to register.
